Dear Mr. Reville:

It is with great excitement that I extend an invitation to you to attend the groundbreaking ceremony for the Centre for Addiction and Mental Health's (CAMH) **Transforming Lives Here** redevelopment project. We would be delighted to have you join us on **October 5, 2006** during the lunch hour to help us break ground.

With the construction of the first four new buildings, we are taking the first steps in what promises to be a dramatic and far-reaching transformation of our Queen Street site, one that will enable our staff to deliver better care in modern facilities far more conducive to healing and recovery. For our clients, this project will result in a more home-like environment, one that endeavours to make a clean break with the stigmatization that has unfortunately shadowed those coping with mental health and addiction challenges.

The day's events are planned to begin at 11:30am, with live music and light refreshments. **The ceremony is scheduled to commence at 12:15pm.** It will include several speeches from invited dignitaries and will culminate in the mass groundbreaking itself. Lunch will be served at 1:00pm.

We would be thrilled if you could join us for the first of what will be many transformations. Please RSVP to Bharati Singh at your earliest convenience. She can be reached at 416.535.8501 extension 6718 or by email at bharati_singh@camh.net.

Sincerely,

Paul E. Garfinkel, MD, FRCPC
President and CEO

I really hope you can attend - it's
been critical to getting us to this
point.
