*Connecting Canadians Who Have Experienced The Mental Health System.  
Regrouper les Canadiens(nes) qui ont eu recours au réseau du système de santé mentale.*

May 11, 2001

Laurie Beachell, National Coordinator  
Council of Canadians with Disabilities  
926-294 Portage Ave.  
Winnipeg, MB R3C 0B9

Dear Laurie:

I am pleased to submit the name of David Reveille for the Community Action Award for this year.

David has long been involved in promoting and advocating for consumer/survivor participation in all aspects of community living and in changing systems' policies and plans to ensure positive impacts on the quality of life for persons living with a psychiatric disability.

David is determined, passionate about the consumer/survivor movement, creative and innovative. He has held various volunteer and paid positions during the course of his many years of involvement. He served as a Member of the Provincial Parliament in Ontario for many years and was senior advisor for ex-Premier Bob Rae. He has been actively involved in the consumer/survivor movement and has consulted many provincial governments and community groups for years both nationally and internationally.

He is still actively involved in consulting on mental health issues, research and community development activities. Please accept his name as recipient for this award.

Sincerely,

Jean-Pierre Galipeault  
Acting Executive Director
